The Hawk

The Hawk is the most feared bird in the world. Its sharp curved claws, or talons, and powerful feet have a viselike grip to catch, crush, and carry off its prey.

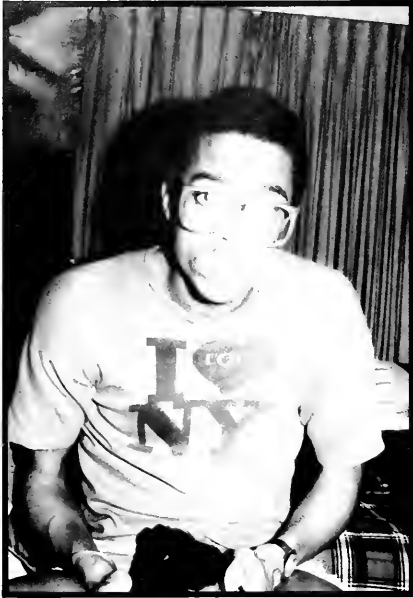

Hawks build bulky, loosely constructed, but stable nests of twig and bark. The males and females nest alone, and defend their territory and privacy from all others, Hawks included.

Female Hawks lay 2-6 eggs which hatch in 3-4 weeks. The males help to hatch the eggs as well as to care for the young. Hawks sometimes mate for life, and often use the same nest year after year.

Hawks seldom gather in groups, except during battles with other species such as bison, eagles, aggies, hornets, etc. The Hawk is keen-sighted, and often travels with great speed. He kills almost every type of mammal and bird.

The Hawk is the king of the Heaven and the Earth!! Beware

स ये T ड य

Look to this day

for it is life

the very life of life.

*In its brief course lie all the realities
and truths of existence*

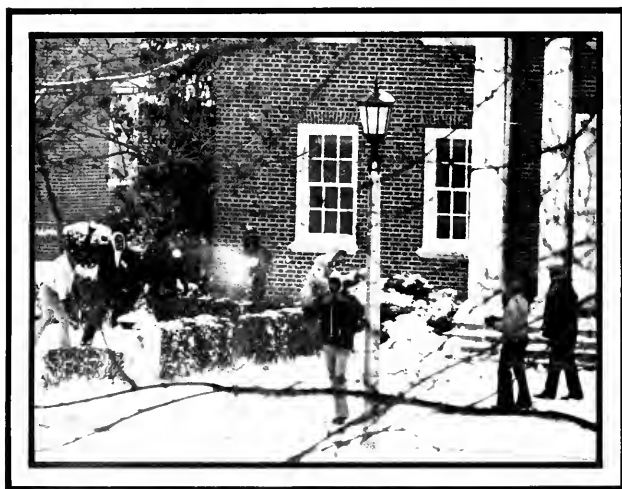

the joy of growth,

the splendor of action,

the glory of power.

For yesterday is but a memory,

and tomorrow is only a vision.

But today well lived

makes every yesterday a memory of happiness

and every tomorrow a vision of hope

Look well, therefore, to this day!

— ancient Sanskrit poem —

Clifton J. Anderson
1929-1979

"Cappy", as he was known to his many friends, was born November 25, 1929 to the late Howard and Mary Page Anderson. He was educated in the public schools of Cape May, New Jersey, graduating from Cape May High School. At a very young age he was noted for his athletic ability while receiving accolades as an outstanding football and track star. He attended Indiana University at Bloomington on football and track scholarships. While there he set University records in track and was outstanding in the sport of football. After graduation from Indiana, he had an abbreviated but brilliant football career with the Chicago Cardinals and New York Giants. After his stint in professional football, Cappy returned to Indiana where he earned his Masters Degree in Physical Education.

Cappy moved to Shaw University in North Carolina where he served as head football coach. During his stay at Shaw, he produced several powerful Central Intercollegiate Athletic Association teams.

In 1960 he was attracted to the former Maryland State College at Princess Anne, Maryland now UMES. He served as head track and defensive line coach for football. A host of champions and championships were molded by the hands of this great coach and educator. Olympic stars, Benedict Cayenne and Charlie Mays, along with Russ Rogers, Robert Brown and many others had the privilege of competing under his tutelage. Coach Anderson remained at the University of Maryland, Eastern Shore until his death, Friday, March 16, 1979 at 1:10 p.m. in the Peninsula General Hospital Medical Center following a long illness.

Just this academic year, Cappy was named as Chairman of the Department of Physical Education. Over the years, Coach Anderson was one of the most respected coaches on the UMES campus. He sent many players to the pros. CLIFTON J. ANDERSON, SR. WAS A PROFESSIONAL MAN.

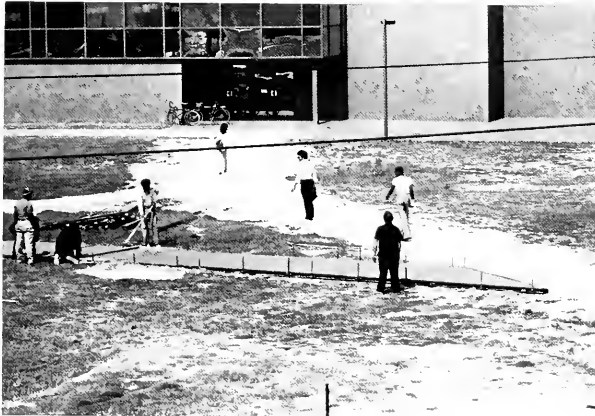

In addition to his many campus activities Coach Anderson, was a member of the Metropolitan United Methodist Church in Princess Anne; he was also a member of several professional organizations including long-time membership in the Kappa Alpha Psi Fraternity. Twice, while at UMES he was cited as "Coach of the Year," once in 1968 and again in 1978. The student body recognized him in 1968 by bestowing upon him the "Teacher of the Year" award.

He will be long remembered for his vivacious spirit and cheerful attitude, as well as his strong determination to compete, no matter what the odds may have been. "Cappy" shall forever live in the memories of all those who knew him, as a great example of one who would not give up, even though the task often seemed to be insurmountable.

1978 FOOTBALL SEASON

Eric Christian — Secondary
Tyrone Caldwell — Defensive line
Joseph Redmond — HEAD Coach

The 1978 Football Season began with all new faces in the coaching positions and a few new bodies in the various starting positions. Together they made things happen; the offense moved the ball for more yardage, and scored more points too. The defense was strong, but they suffered some early injuries that they felt all season.

This ladies basketball team is basically young. The majority of them are "rookies." Despite their faults and the obstacles of the 1978-79 season, the HAWKETTES proved to be great. They upheld the title of HAWKETTES. They were WINNERS, and the Coaches are looking forward to a brighter 1979-80 season.

GRADUATION...

***ONE OF LIFE'S "KEYS"
TO
SUCCESS***

DEBRA A. WAITES
EDITOR-IN-CHIEF

Debra is a Senior, concentrating in the area of Biological Sciences. This is her third year working with the staff in full capacity. This year, you will notice a number of changes in the style and print of *THE HAWK*; most of these changes were implemented by Debra, serving in the position of Editor-in-chief.

Dear Members of the HAWK family:

I am quite happy to be able to say that this year's edition of THE HAWK has been a success! Understandably, not everyone is as satisfied with this edition as I am. It has been a pleasure working in the capacity of Editor-in-chief; and I would like to extend thanks to those of you who have made this yearbook possible: Ms. Dorothy Waters, advisor; Mr. Thomas Wiles, photographer; Mr. Floyd Blackett, student photographer; Renee Tuggle, underclassman section; Ms. Alverta Jones, faculty section; Hein Ngo, cover design, and the many others.

To the individuals whose pictures did not appear in this edition, as an oversight on my part, please forgive me for my default. But, to the many individuals who refused, for whatever reason, to have a photograph taken, be adult enough to take the time and responsibility to cooperate with the next yearbook staff, it will eliminate the headache of hearing you complain after the book is published.

Despite the few obstacles and hardships, I can honestly say that serving as editor for this edition of THE HAWK has been a unique and fulfilling experience.

Respectfully,

Debra A. Waites

ALMA MATER

*To thee, dear Alma Mater
We raise our grateful song,
For through thy noble teachings
Thou'st made thy children strong;
And thousands still shall praise thee,
All earth shall hear their swell,
And bind our hearts yet closer
To thee we love so well.*

*Maryland, Maryland, Home of Maroon and Gray,
Maryland, Maryland, thee we will love always
All hail to thee, fair Maryland,
All glory be to thee!
Grow thou in strength and honor
Through all eternity!*

*We love thy spacious campus,
We love thy towering halls;
And hallowed are the lessons
We learn within thy walls
Stand thou forever glorious
Full robed in living green,
Shine thou in endless splendor
Beneath thy trees serene.*

*Maryland, Maryland, Home of Maroon and Gray,
Maryland, Maryland, thee we will love always
All hail to thee, fair Maryland,
All glory be to thee!
Grow thou in strength and honor
Through all eternity!*
